

FISH, BLOOD & BONE

Organic-Based Compound Fertilizer 5 – 5 – 6-5

INTRODUCTION

Fish, Blood and Bone is an organic-based, multi-purpose plant food which will feed all the plants in your garden. *Fish, Blood & Bone* provides both a rapid boost and long-lasting results so a single applications lasts up to six weeks to keep plants in best condition and encourage flowering.

GENERAL PLANT FEEDING

- Scatter 70 grams per square metres (2 ounces per square yard) on to the soil.
- Lightly fork or hoe in and water well if the soil is dry.
- Repeat at intervals up to 6 weeks through the growing season.

PREPARING BEDS, BORDERS AND VEGETABLE PLOTS

- Scatter 70 grams per square metres (2 ounces per square yard) on to the soil before planting or sowing.
- Fork in well and water thoroughly if the soil is dry.

CONTAINERS

We recommend that you do not use *Fish, Blood & Bone* in containers: use a liquid feed instead.

APPLICATION ADVICE

- Use gloves when using this product.
- Dogs may try and eat the bonemeal in *Fish, Blood & Bone*. Although it is not harmful to them, we suggest using a mulch around newly-planted specimens to deter them from getting at it. Keep the bag of *Fish, Blood & Bone* away from dogs when in use and when stored.
- Do not use where cattle, sheep, goats and deer have access.
- Use the recommended amount.
- Apply evenly between the plants, without touching the plant itself.
- Avoid using on windy days.
- Water in well after applying.
- Wash hands after use and avoid contact with skin.

STORAGE

Store in a cool, dry place away from children, pets and foodstuffs.

ANALYSIS

5 – 5 – 6.5

Nitrogen (N)	5.0%	
Phosphorus Pentoxide (P ₂ O ₅)	5.0%	[2.1% Phosphorus (P)]
Phosphorus Pentoxide soluble in water	0.0%	[0.0% Phosphorus (P)]
Potassium Oxide (K ₂ O)	6.5%	[5.4% Potassium (K)]

**Use only where there is a recognized need.
Do not exceed the recommended application rate.**
